Gene Hemsworth  
Emergency Medical Planning (EMP) Canada  
RR 3 #3 – 10114 McDonald Park Road  
Sidney BC V8L 5X8

Dear Gene Hemsworth:

We have completed our review of your AED material submitted on May 17 and September 1, 2005. We agree with all of your revisions and are now satisfied with the AED training package. Your AED program will be accepted as meeting the prerequisite for an EMA Licensing examination.

Our website will be revised to reflect EMP Canada as an approved agency for AED training.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Ian Brethour  
Registrar  
EMA Licensing

Dear Gene Hemsworth:

Thank you for your letter dated March 9, 2005 and follow-up telephone call on April 4, 2005.

As per our discussion, I can confirm that an EMR license issued by this office as a result of successful completion of training and licensing examinations is recognized and accepted for first responder activity. You are reminded, however, that all EMR license holders must satisfy annual patient contact and continuing education requirements as set by the EMA Licensing Board.

Sincerely,

Ian Brethour  
Registrar  
EMA Licensing
